Dear Sir:

The Council of the Town of Carrot River continue to be concerned about the long term future of the Post Office here. The current strategic review may result in deregulation of postal services and there is a lot of evidence around the world that deregulation does not benefit postal clients.

Canada Post is an integral part of this country's national infrastructure. Its exclusive letter mail service is affordable and appreciated by everyone.

This review should not result in the future of postal outlets operated by Canada Post Corporation being placed at any risk.

On behalf of Mayor Doherty and the Council, thank you for the opportunity to bring these comments to your attention.
