Ont.

Dear Mr. Harper:

In answer to a question recently posted in "The Beaver", a local newspaper: \* "Should our public post office continue to have an exclusive privilege to handle letters so that it has enough money to provide universal postal service?" A resounding "Yes!"

I do care about the future of affordable postal service in my community. I do not use e-mail (have no computer) so send all my communications by hand-written mail through our local post offices, with good results.

Please do not deregulate our public post office as mentioned in the \*above advertisement.

Thank you. Sincerely, V.L. Gamble
