RE: CANADA POST CORPORATION - PUBLIC POSTAL SERVICE

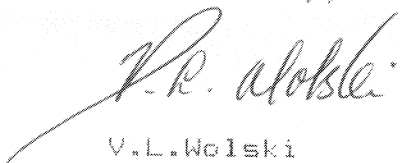

The Council of the Village of Invermay strongly oppose the deregulation of Canada Post and are requesting that the government hold public hearings and properly consult with the people of Canada before any decisions are made.

We live in a rural community and feel we should be entitled to an affordable and reliable postal service. The postal service we now have just needs to be improved in some areas to meet the needs of the public. Putting people out of work makes no sense at all and rural areas would suffer the most with loss of postal services. We need more taxpayers, not less.

Public hearings should be held so the general public can have their input.

Thank you for your consideration regarding this matter.

Yours truly,

V.L. Wolski
