

Just.

To Whom It May Concern:

I think the Government should leave our Postal Service alone, we are quite happy with the service. What is the Tories trying to do to us Seniors & some handicapped.

It's not even thinkable of them taking this away from us.

If they think its going to save money, I can think of a lot of other ways besides taking away from people who have paid taxes in this country all our life. I just being so generous to the immigrants & just letting them change our culture.

In the next election we should all go to vote with just our eyes showing all what happens. They get away with it.

HARPER LEAVE OUR POSTAL SYSTEM

ALONE

Sincerely

Margery Mearns
