Dear Sir/Madam:

RE: **Postal Review**

The Council of the Town of Millet, at their July 9, 2008 meeting of Council, passed a resolution opposing any potential deregulation of Canada Post and encourages the Canada Post Corporation Strategic Review to hold public hearings to properly consult the true owners of Canada Post – the public.

Our local post office provides a valuable service to our small community. Our Council worries that deregulation would erode this valuable service to our community.

Yours truly,

Ted Tymchuk, BA: CLGM
Interim Chief Administrative Officer
