Canada Post Strategic Review,
530 Sparks St.,
Ottawa, Ontario K1A 0N5.

Dear Sir:

I have just read an article in the local newspaper that the federal government is conducting a review of Canada Post.

I am a senior widow & have my mail delivered to my home. It is a service I value & any disruption to this service would seriously affect me.

I hope you don't intend to privatize any of the postal services. Privatizing services invariably leads to reduced service & an increase in cost.

Please leave Canada Post alone. The mail delivery & other services affects our daily lives. If it's working, don't fix it. Reducing mail services will result in reduced votes for the Conservative government. The last time the Conservatives were in office they closed hundreds of rural postal outlets. The public was outraged & the Conservatives were defeated at the polls. Don't make the same mistake again.

Yours truly,
Dorothy M. Percy
