Dear Sirs and/or Madams;

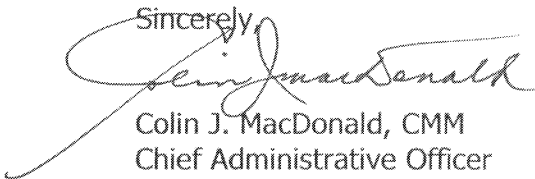

Re: Canada Post Strategic Review

The Town Council for the Town of Port Hawkesbury (Nova Scotia) received and reviewed your recent correspondence regarding the above noted subject.

The Council will be directing correspondence to Canada Post requesting them to hold public hearings as a component of the Strategic Review process. This will provide the public with the opportunity to offer opinions on any direction that may be proposed as an outcome of the Review.

The Council feels that it is presumptive to assume that deregulation will be an outcome of the review.

Sincerely,

Colin J. MacDonald, CMM
Chief Administrative Officer
