Canada Post Corporation Strategic Review

330 Sparks Street

Ottawa, On

K1A 0N5

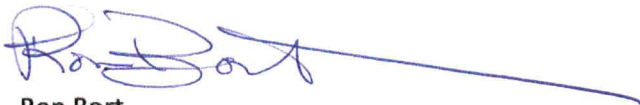

Dear Mr. Campbell:

The Saskatchewan Voice of People with Disabilities, Inc. is concerned with the Federal Government deregulating Canada Post and would suggest that the government hold public hearings and properly consult with the public, the true owners of Canada Post.

As an organization working to improve the lives of persons with disabilities in our communities in Canada, we certainly do not want to see a service that fairly accessible to persons with disabilities be dismantled and replaced with a less effective service. We continually work to improve the service and we see this as a step in the wrong direction.

Thank you for considering our concerns. I can be reached at 306.384.4256 or the office 306 569.3111 for further conversation.

Sincerely,

Ron Bort

Provincial Chairperson
