RE: Canada Post Corporation Strategic Review

The Village of Warburg, Alberta wishes to register its opposition to the deregulation of Canada Post. We believe that Canada Post's exclusive privilege to handle letters allows affordable postal service for everyone in Canada. In smaller, rural municipalities Canada Post is the only regular provider of postal service.

In addition we believe that, given that Canada Post is a publicly-owned enterprise, responsible to the public and Parliament, consideration of any fundamental change to the Canada Post Corporation and the Canada Post Corporation Act must be reviewed at public hearings and not decided on solely by consideration of written submissions.

Yours truly,

Christine Pankewitz
